Mar Osthathios College, Perumpilavu (University of Calicut)

2018 – 2021

Thrissur, India

## SKILLS

### Technical Skills:

- Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Angular, Next.js, Tailwind CSS, Bootstrap5
- Backend: Node.js, Express.js, Firebase, MongoDB, SQL, RESTful APIs
- Tools: React-Redux, Git, GitHub, Webpack, Postman
- Testing & Performance: Jest, React Testing Library, Lighthouse, Web Vitals

## PROJECTS

### Real-time Chat Application

Developed a full-stack real-time chat application using React.js and Firebase. Implemented Firebase Authentication for secure user login and registration. Integrated Firestore for real-time message storage and retrieval. Utilized React hooks and **context API** for efficient state management. Designed a responsive UI for an optimized user experience. Ensured smooth data flow and scalability by leveraging Firebase Realtime Database features

### E-commerce website with React js

The E-commerce online shopping webpage project aims to create a user-friendly platform for the users to browse and purchase products online. It will include features such as displaying product listings, sorting by categories, adding items to a shopping cart, and a checkout process. To build this project, we will use **HTML, CSS, Bootstrap** for styling, **JavaScript, React.js** and **API**.

### Student Portal using Angular

Using Angular student portal using Angular for efficient course management, communication, and resource access, enhancing the overall educational experience.

### Doctor Appointment Booking Website

Built a responsive and modern doctor appointment booking web app using **React.js** and **Tailwind CSS**. Implemented features like doctor listings, specialty filters, and real-time date & time slot selection. Focused on intuitive UI/UX for seamless patient interaction and easy navigation.

### Food Delivery Web Application

Built a responsive and interactive food ordering website using **React.js** and **Tailwind CSS**. Implemented key features like food item listings, cart functionality, and order summary. Used **React Router** and **Context API** for smooth navigation and state management. Focused on clean UI, responsive design, and seamless user experience.

### Portfolio Website (Next.js)

Developed a responsive portfolio using **Next.js** and **Tailwind CSS**, with seamless routing and optimized performance

## COURSES

### CLOUD COMPUTING and IOT (Internet of Things)

IIT Certification in Mooc course

2024

India

Mearn full Stack Course (2023 - 2024)
